

Transparent Assessment Framework

taf.ices.dk

Aim: organize **data**, **methods**, and **results**
used in ICES assessments

Will replace the 'data' folder on Sharepoint

Input, model, and output will be visible online,
and the assessment can be run online

First stocks will be deployed in 2018

Transparent Assessment Framework

Workflow in R scripts, run sequentially

1 **db.R**

Get data: preprocess data, write CSV files

2 **input.R**

Format input: write model input file(s)

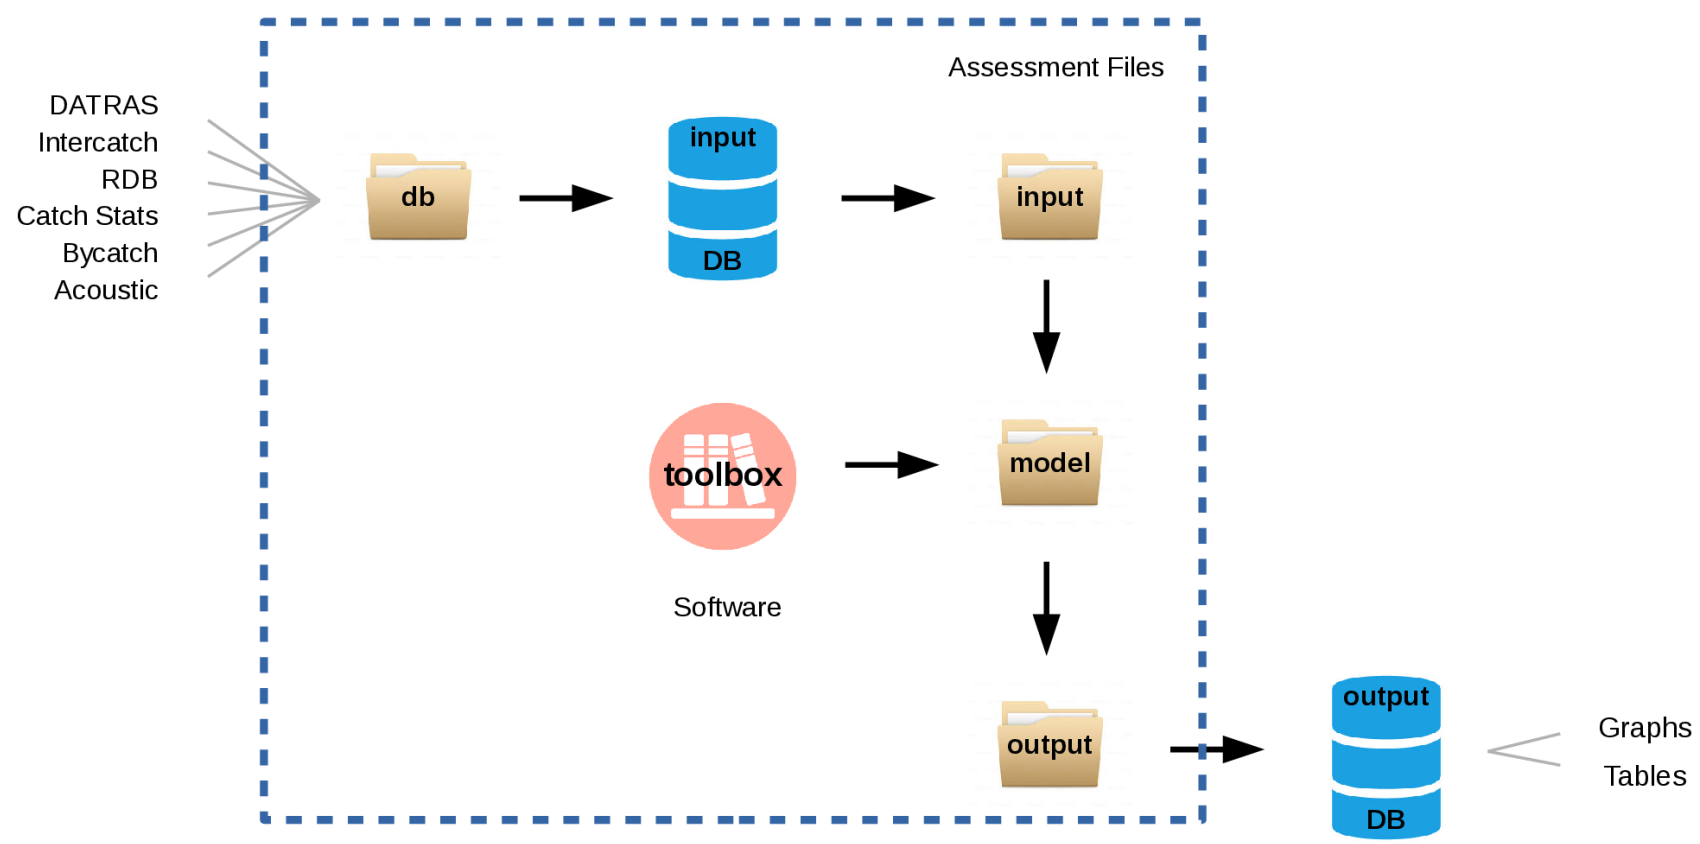

3 **model.R**

Run model: write model output files

4 **output.R**

Format output: extract results, write CSV files
